Contact No.: 85886738 & 87100272

Voluntary Sessions: TBC

Description:

The Elderly Service wing is dedicated to fostering the spirit of volunteerism by engaging our members in meaningful activities to support the elderly. Our initiatives include food delivery, care packages, and home visits, all aimed at providing essential assistance and companionship. We strive to empower the elderly in the Jalan Kukoh neighborhood by encouraging their active participation in our events, such as Chinese New Year and Mid-Autumn Festival celebrations. Through these efforts, we promote greater interaction and build stronger community bonds.

We also offer workshops and recreational sessions that enhance the well-being of the elderly, including health programs, arts and crafts, and storytelling events. Our volunteers provide compassionate care and support, ensuring every interaction is impactful. By collaborating with local organizations and leveraging community resources, we aim to create a sustainable support system for the elderly. Join us in making a positive difference in the lives of our elderly neighbors and experiencing the profound joy of giving back.

Important Matters

1. CCA Points

Every CCA has a total of a range of 40-70% of the total possible points that all its members can receive. Each CCA will have Key Performance Indicators (KPIs) set at the start of the Academic Year. The percentage of points available for each CCA is dependent on whether and to what extent the KPI is met. For illustration: A Committee has 15 members, and the maximum points a member can possibly receive is 10. Hence the total possible points that CCA has is $15 \times 10 = 150$ Points. The CCA Head can only distribute $150 \times 70\% = 120$ Points to all its members, if the CCA has reached 100% of its KPI.

2. Bonus Points

Points are also given to residents for commendation. Points are awarded subject to discretion of the JCRC.

Dean's Listers in Semester 1 will receive 8 points to commend their academic excellence.

Leadership points are given to residents who stepped up to a leadership role in their respective group.

Merit points are given to outstanding members whose performance exceed the basic obligations of the CCA.

Merit points that may be awarded are:

Committee Size	Points
1 to 6	Either 1 point for two members each or 2 points for one member.
7 to 15	Either 2 points for one member and 1 point for another member or 1 point for 3 members each
16 to 25	2 points for two members and 1 point for two members
above 25	Top 10% 2 points each Next 10% 1 point each

CCA Heads are to consult the JCRC ex officio when awarding Merit Points. Other Merit points may be awarded to outstanding leaders deemed by the JCRC Ex-Officio, which shall not exceed 10% of the leaders in Eusoff Hall. Members may give demerit points as penalties for unsatisfactory performance.

3. External CCA Points

Participation in NUS CCAs will be considered towards the resident's total CCA points in hall. However, external CCA points he receives is capped at 25% of his total hall points.

External CCAs refer to University Student Groups that are registered with the Office of Student Affairs (OSA). Only groups approved by OSA are recognised for the purpose of awarding CCA Points. External CCA points will generally mirror the points of their equivalent CCA in hall.

Residents must submit an endorsement form for their external CCA points to be counted towards their total CCA points in hall, subjected to the discretion of the JCRC.

To illustrate two scenarios:

a) Student A Has 50 Hall Points. His NUS External CCA is worth 10 points in Hall. $50 \text{ Hall Points} \times 25\% = 12.5 \approx 12$. His External CCA therefore is worth 10 Hall Points. His total Hall Points = $50 + 10 = 60$

b) Student B Has 30 Hall Points. His NUS External CCA is worth 10 points in Hall. $30 \text{ Hall Points} \times 25\% = 7.5 \approx 7$. His External CCA therefore is worth 7 Hall Points (round down). His total Hall Points = $30 + 7 = 37$

4. Residents Going/Returning from Exchange

Residents, who are only able to stay in Hall for one semester within one Academic Year due to involvement in Student Exchange Programme or NUS Overseas College, will have the base points for that semester doubled, up to the maximum points the CCA would be able to offer.

5. Monitoring of Points System

Points will be reviewed once every academic year, during the Annual General Meeting. There will be a mid-term review to determine if the points awarded per CCA are sufficient and will take place at the end of semester 1. A Points Defence session will be held towards the end of the academic year. Committee Heads will have to submit the point allocation of their members to the respective JCRC Ex-Officio by the stipulated date given to them, FAILURE OF WHICH ALL POINTS MAY BE FORFEITED FOR THAT CCA.

6. Master's List

A resident must fulfil the following requirements to be eligible for a Master's List spot :

- A. Join a minimum of two CCAs, both of which must not be under the same branch e.g. if person A is in a sport, to be considered, the other CCA cannot be a sport.
- B. To have a minimum of 16 points.
- C. Students who only stayed in Semester 2 have to join at least one CCA.
- D. No demerit points accumulated in the year.

* National Team players who apply for the Master's List are only subjected to point D. ** Residents will not require a contrasting CCA if they fall within the last 10% of the last resident's points

7. Residents Entering only in Semester 2

There will be a separate point system put in place for the residents entering only in Semester 2. Residents only entering in Semester 2 will need to fulfil the following requirements :

- A. Have to be the top 25% of the Semester 2 point system
- B. Have at least more than half the points of the Semester 1 residents
